

Dear business partners,

we would like to inform you this way that in relation to the expansion of our activities we have entered into corporate restructuring of the companies from the PREKAB and TEKABEN business group which shall result in complex group structure including company TEKABEN GROUP a.s. (former PREKAB TRADE a.s.) as a holding company, TEKABEN s.r.o. as a producer of electrical wires and cables and ready-made cables and company TEKABEN TRADE s.r.o. (former PREKAB CZ s.r.o.), as a distributor of common and special wires and cables. Except for the above-mentioned changes of the companies' names, all other corporate data remains unchanged.

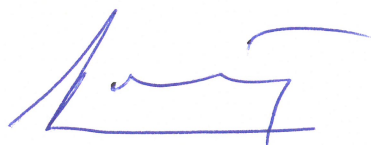

The main goal of the mentioned changes is maintaining

- the complex process from manufacturing to the sale to our end customers by one business concern,
- the offer of wider product portfolio from the one supplier and finally
- making our structure more transparent for our business partners and customers and also clear identification of our new business conception of our activity.

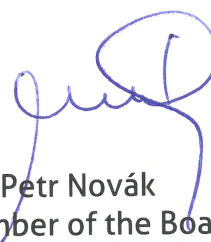

The contact persons of TEKABEN GROUP a.s. and TEKABEN TRADE s.r.o. are Mr. Petr Novák and Mr. Milan Kohút and contact persons of TEKABEN s.r.o. remain Mr. Petr Novák and Mr. Pavel Beníček.

We believe that it will result in improvement of our current cooperation, which we really appreciate.

In case of any questions, do not hesitate to contact us.

Ing. Milan Kohút  
Member of the Board of  
Management
